

Memory Lane Senior Collage Instructions

Memory Lane/Senior Collages are a wonderful part of the Books and Burritos event to be held in late May. These collages, highlighting your senior's life, are prepared by you, the families of the graduating seniors. Collages can be a joint project with your senior or can be prepared as a surprise for your student. Pictures can be of anything you like (baby childhood, high school, sports, family, hobbies, family, etc.) You can choose to cover the paper entirely or leave space in between photos. This is completely up to you! You can include your student's name on the front of the collage or not. Whatever you like. Be creative and have fun!

1. Use this 11x17 paper as your template.
2. Affix photos/artwork to this paper to create your own unique and meaningful display.
Must be designed in PORTRAIT ORIENTATION (vertical).

3. Take your finished collage to:

UPS Store
