

What is Openest?

An Information-Sharing Network for Parents

Openest is the private, online network for parents in school communities to **share**, **connect**, and **find** information with other parents.

Why Openest Exists

To help parents and families stay connected during COVID-19 and beyond

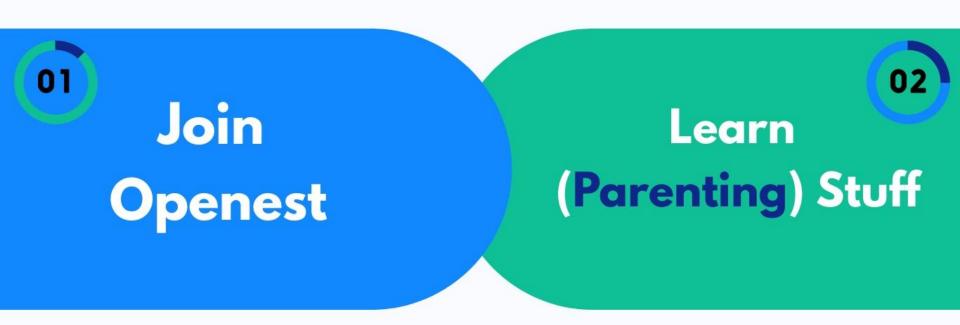

CURRENTLY, THERE IS NO WAY FOR PARENTS IN SCHOOL COMMUNITIES TO FIND, INTERACT, AND LEARN FROM ONE ANOTHER.

- Finding **Information** Fails
- Achieving Privacy Fails
- Finding Parents Fails
