### **Senior Collage 2022 Instructions**

Memory Lane Senior Collages are a wonderful part of the Senior Brunch and Books & Burritos events. In short, the collages are a photo snapshot of your senior's life. Some families chose to create these with the help of their senior, others chose to make them a surprise.

Pictures can be of anything you like (e.g., baby, childhood, high school, sports, family, hobbies, etc.) You can choose to cover the paper entirely or leave space in between photos. This is completely up to you. You can include your student's name or let the images speak for themselves. You can create the collage digitally or pick up an 11x17 piece of paper in the Student Services on campus if needed. **Please be sure to follow the instructions below (note you need to get the collage laminated).**

Be creative and have fun! Please contact Ginny Monge at [ginmonge@astound.net](mailto:ginmonge@astound.net) with any questions.
